SIMAKS

GROW MORE  
WITH LESS WATER & LAND

## Kapil Agro Farms

Kapil Agro Farms, a distinguished subsidiary of the Kapil Group—a billion-dollar conglomerate encompassing over 50 companies—spans more than 1,000 acres of irrigated land and boasts numerous farm partnerships nationwide

Employing cutting-edge agricultural techniques, we utilize

- ✓ high-density and ultra- high-density plantations, polyhouses, shade-net vertical farming, and open cultivation

- ✓ Our research facility in Hyderabad features a state-of-the-art laboratory equipped for precise real-time soil and leaf diagnostics.

Additionally, our Integrated Packhouse, replete with advanced machinery for grading, washing, drying, pre-cooling, and packing, coupled with a robust procurement team, ensures seamless supply chain management for our partners both domestically and internationally, facilitated through our export collaborator, Simaks Global
